LAS VEGAS Silver Dollar Circuit 40 Years

March 16th, 2016

Woods Western

I remember wandering into Woods Western at a show in 2001 desperate to trade out my microsuede chaps that had become a fashion “don’t" after a two year hiatus from showing. Dan greeted me then with the same friendly regard he does now 15 years later. This is the same kind demeanor that he and his wife Babe have towards each and every customer that walks into the Woods Western booth. After nearly 30 years on the road and their 10th year at the Silver Dollar Circuit Dan and Babe have been with the show since it moved to the South Point Equestrian center. Dan and Babe travel to a number of other Quarter Horse, Paint and Arab shows but Dan explains why Silver Dollar is their favorite.

“We love this facility, we would rather come here than anywhere else!. We like her (Jan Bruner’s) show; she takes good care of us and does a great job for us all."

Not only does their welcoming approach to selling make you want to come back time and time again but the quality of their products cannot be beat. They carry the finest boots from Rod Patrick, Kimes Ranch Jeans, and great custom chaps, shirts and pads. As for the chaps that I ended up buying that day 15 years ago, they fit like a glove, and they still look as good as the day I bought them.

For the best in quality and service with a Genuine Smile be sure to stop in and say Hello to Dan and Babe Woods!
